

E TINT

FLOOR COATING PIGMENT PACKS

SIMIRON E-TINT PACKS are a high-performance, 100% solids, zero VOC line of floor coating pigment packs designed to be easily mixed into Simiron epoxy-based and polyaspartic coatings.

E-TINT PACKS offer the most flexible means to color epoxy primers and build coats. Polyaspartics can be tinted with E-tints only to pigment the base coat to hide inconsistencies in full broadcasts of flake.

E-TINT PACKS exhibit excellent color consistency and stability for in-field tinting and application. They are available in a convenient pint sized can, allowing for the tinting of multiple sizes of resin.

FEATURES & BENEFITS:

- Excellent color stability
- 7 Color Options
- Low Viscosity
- Easy-to-mix
- In-field Tinting
- Excellent hiding properties

COMPATIBLE PRODUCTS:

- 1000HS - 100% Solids Epoxy Primer
- 1100SL - 100% Solids Epoxy
- 1150FC - Hybrid Polyurea-Epoxy
- MVB - Moisture Vapor Barrier
